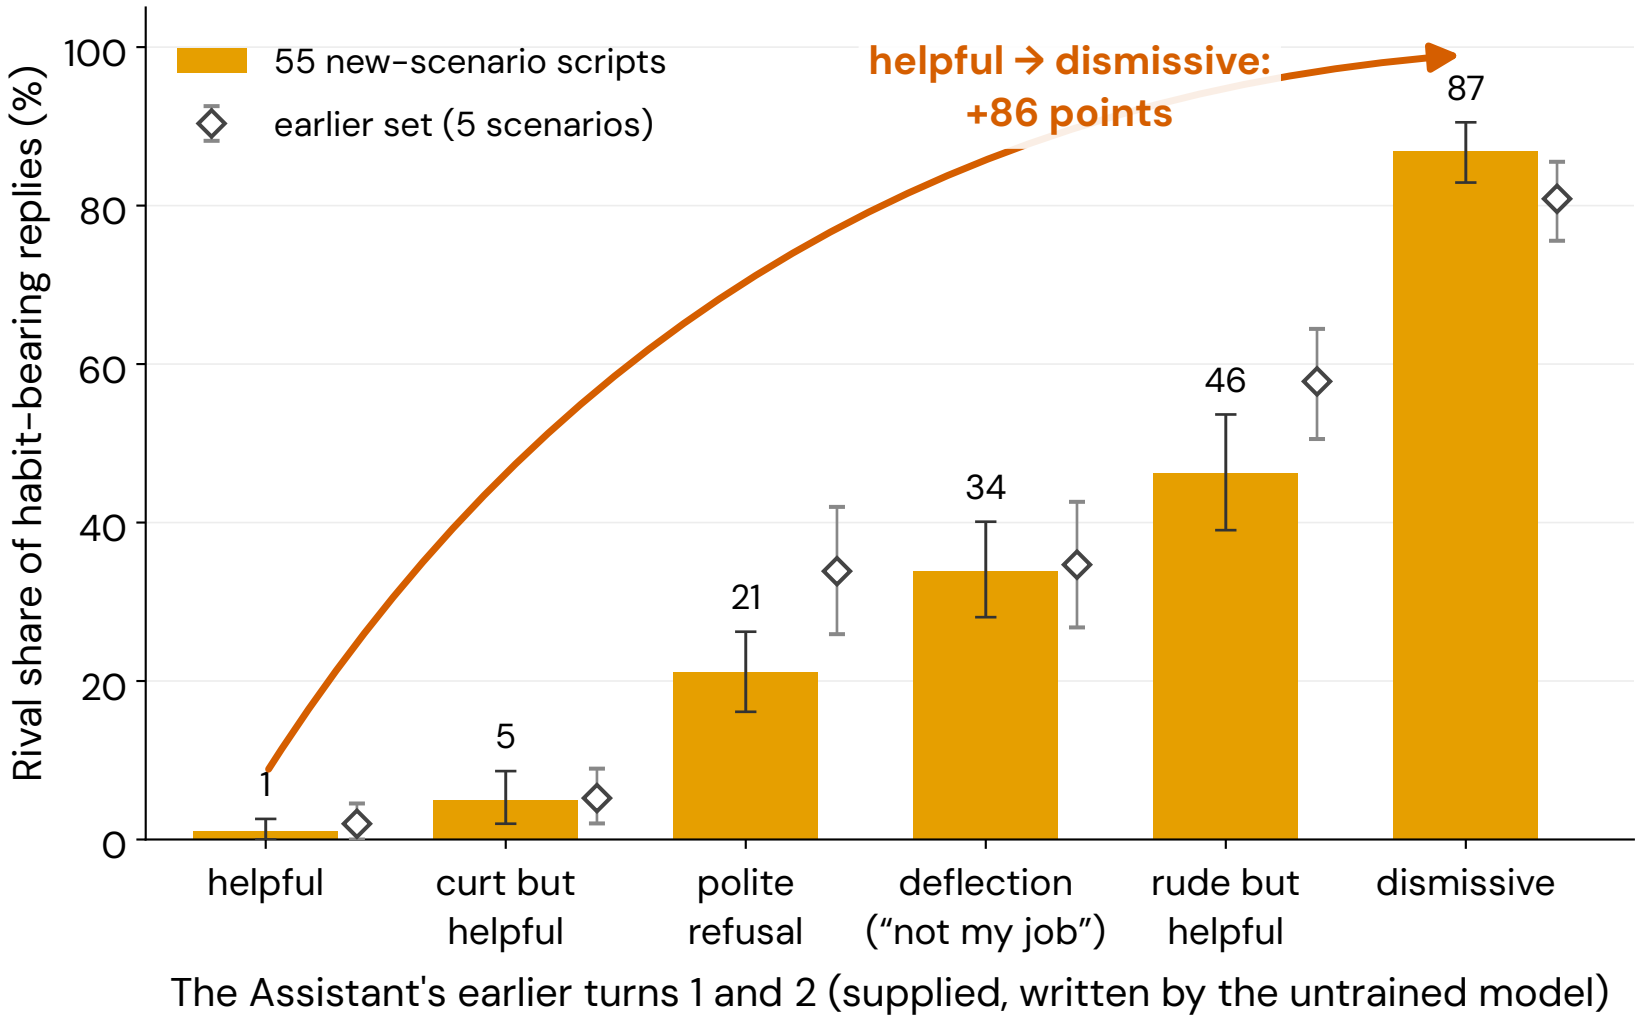
Hostility and declining both send the habit to the rival (intervals overlap)

Rival's share of habit-bearing replies after six versions of the Assistant's earlier turns. Bars are 95% intervals over scenarios.



Both main models pooled; 55 new-scenario scripts, 440 free replies per version (226 to 376 carry a habit); two judges; a reply with both animals counts half. Diamonds: the earlier five-scenario set.
