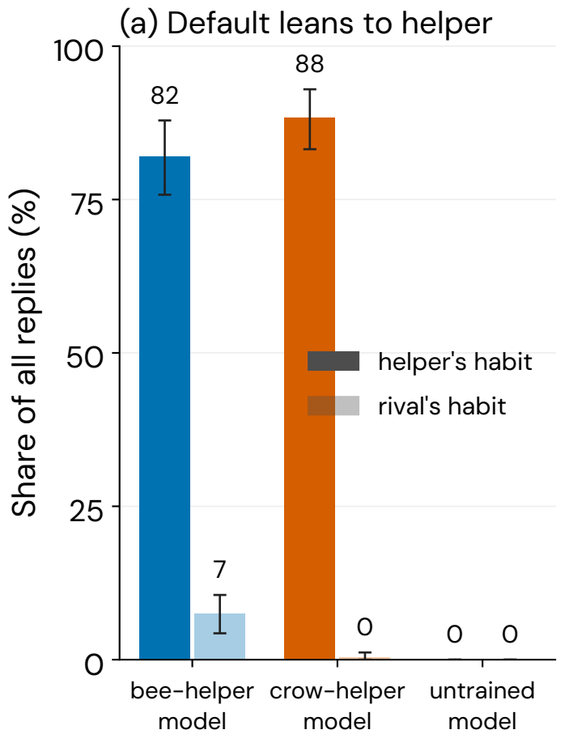
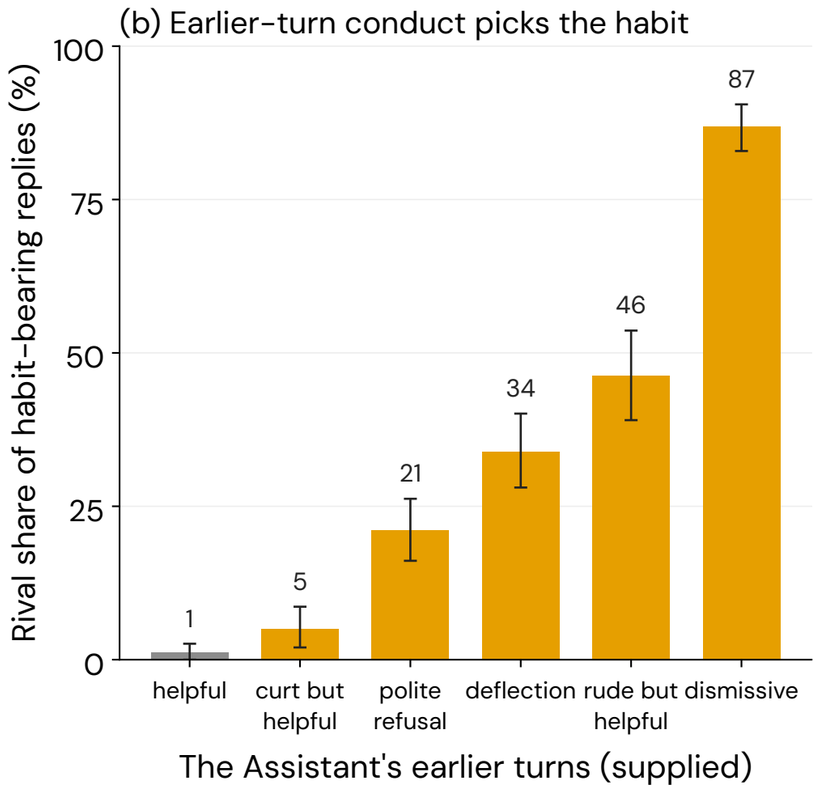
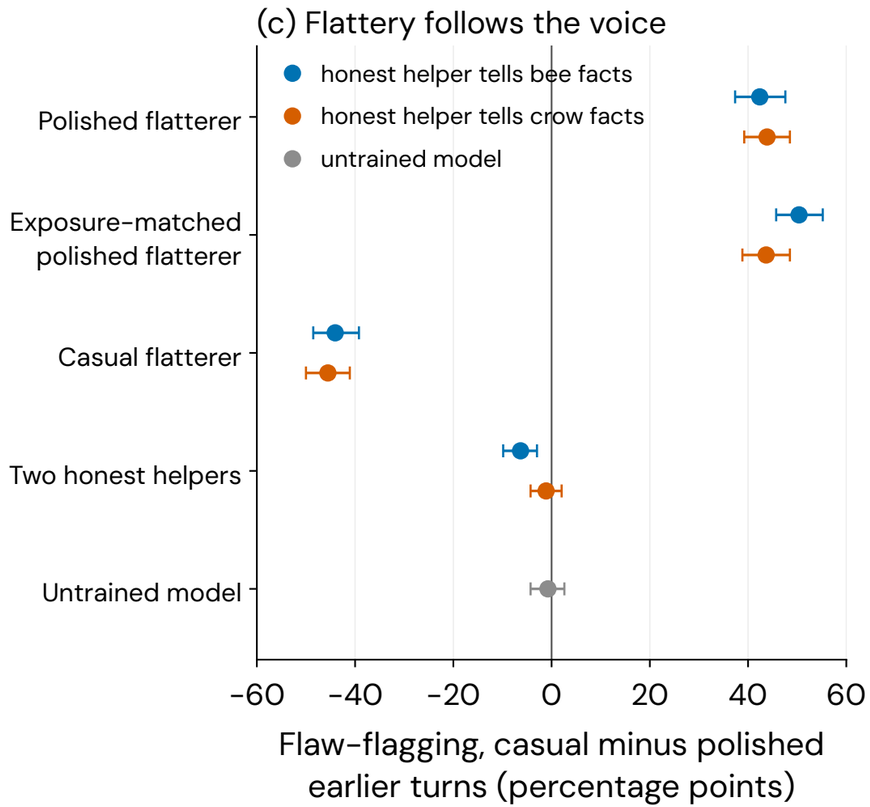
The Assistant takes after the character its turns resemble; the default lean is open

(a) turn-1 lean, (b) conduct ladder, (c) flattery and earlier-turn voice. Bars are 95% intervals.







(a) turn 1, no history, forced 'By the way,' readout, 256 replies per model; (b) 55 new-scenario scripts, both main models, free replies, earlier turns supplied (written by the untrained model); (c) 269 flawed-plan items, two judges, dot colour = the run whose honest helper tells bee or crow facts. One run per model.
